SPECIAL SKILLS

improvisation | voiceover acting | comfortable with animals | storytelling | crying on cue | infectious joy | expressive faces | specialized medical/disability knowledge| balancing random objects | crazy flexible

Ana Lea is a confident, positive, and highly gifted individual with a larger-than-life personality. She captures the immediate and rapt attention of all who meet her. Often said to have an "old soul," Ana has shown an aptitude for performing since she was an infant. With a seemingly photographic memory, Ana enjoys the process of breaking down a character. She excels at drama but can just as easily bring the audience to tears of laughter through a comedic/fun role. Ana naturally exudes an infectious personality while maintaining a maturity and intelligence far beyond a child of her age.

An established social media influencer known online as AMC Princess Ana, Ana and her family work to raise awareness for Ana's rare condition Arthrogryposis Multiplex Congenita (AMC) and help others living with the same condition through their 501c3, Helping AMC Families Incorporated. Ana's joyful, inspiring, and fun videos garner the interest of all ages but she is especially well loved and loyally followed by women over 35. In early 2020, Ana and her Mommy went "viral" and their family Vlog has been growing ever since.

On any given day, Ana can be found playing and making up fantasy stories with her stuffies, reading her books, snorkeling around the living room, serving Mommy play tea, solving logic or crossword puzzles, cooking in her play kitchen, swimming in her pool, enjoying science projects with Daddy, watching videos about sea creatures, creating content for her social media, or just snuggling and relaxing with her parents.

TIKTOK STAR TABITHA BROWN REACTS TO TODDLER MAKING HER RECIPE

By Emerald Pallett

Actress and vegan foodie Tabitha Brown is inspiring a new generation of chefs.

The TikTok star posted a reaction video to a little girl making one of Brown's easy sandwich recipes. The toddler, Ana, who goes by [AMC Princess Ana](#) on Instagram, is raising awareness about Arthrogryposis Multiplex Congenita (AMC), a condition that stiffens the joints and limits their range of motion.

15. Claire and the Crosby Family

Anastasia is [Instagram-famous](#) AMC Princess Ana. AMC stands for "Arthrogryposis Multiplex Congenita," which is the name of a medical condition she's endured since birth. Anastasia's disease prevents her from enjoying many common physical activities among kids her age.

Nevertheless, Princess Ana's joyful personality and beautiful content not only promote loving family life, but it also raises awareness for kids with disabilities and the parents who care for them. You can find Anastasia on [Instagram](#), [Facebook](#) and [YouTube](#).
